PERRY-CO SOLON IS WELL-BACKED FOR HOUGH'S JOB

New Lexington Man, Serving 7th Term in Congress, Makes Announcement

MANY ENTERING CONTEST

Appointment Would Make 11th District Primary Open Affair in Spring

The political situation in the 11th Ohio congressional district, which includes Pickaway-co, took on a new outlook today when Congressman Mell G. Underwood informed The Herald from his home in New Lexington that he is a candidate for appointment as United States judge to succeed the late Benson W. Hough.

"I have been wanting to keep my campaign quiet for a while," the congressman responded to a question concerning the report, "but I might as well announce that I am actively in the race for the appointment."

Serving Seventh Term

Congressman Underwood is well-qualified for the position. He is serving his seventh term in congress, was prosecutor for Perry-co for two terms, and has been connected with the legal business for 20 years.

The high regard in which he is held in Washington, D. C., seems very favorable to his chances.

The appointment will be made after Senators Robert Bulkley and A. Vic Donahy make a recommendation to Attorney General Homer Cummings who in turn will carry his recommendation to the President. The appointment will be made by President Roosevelt, personally.

The president has named several of his supporters in congress to federal judgeships in recent months, and may follow that practice in this state.

Many After Position

There are many applicants for the position, 10 or 12 of them being residents of Columbus. Mr. Underwood is assured the full support of the counties of his district.

If Congressman Underwood would become judge the race for congress in the district next spring would be a wide open affair. He would undoubtedly put his official stamp on one candidate and political leaders believe that would be either Judge Wilbur McKenzie of Ross-co or Ferd M. Pickens, local man, now district attorney for the Home Owners Loan Corporation in Columbus. Underwood was instrumental in placing Pickens in his federal job.

GRAND JURY IS AWAITING PROSECUTOR'S RECOVERY

Due to the illness of Ray Davis, prosecuting attorney, the next session of the grand jury will not be held until the January term of court. Approximately 30 cases are now on file for consideration.

Opera Company Sued for \$30,000

CHARGING that Paul Longone, right, manager of the Chicago City Opera company, sought to have her pay \$5,500 before permitting her to carry out her opera contract, Mrs. Doris Maud Underwood of Kansas City, left, filed \$30,000 suit in Chicago against the opera company and its officials. The singer, billed as "Princess Pakani" of the Chickasaw Indian tribe, seeks to recover money she spent in preparing for a career and asks \$10,000 each for "humiliation, loss of salary and expenses incurred." Mrs. Underwood's suit followed a threatened wide-open split in the company occasioned by Gennaro Papi, director, leaving the organization after he had charged Longone was taking money from artists to place them in roles. Longone denied this.

LEGAL EXPERTS, UTILITIES GIRD

Leading Holding Companies Refuse to Register

WASHINGTON, Dec. 2—(INS)—Federal legal experts today girded themselves for a finish fight with members of the 12 billion dollar utilities industry which refused to register under the Wheeler-Rayburn public utility act of 1935. The dead line for registrations passed Sunday at midnight with barely 20 per cent of the utility companies filing registration statements with the newly created S. E. C.

More than 300 companies filed petitions for exemption under the "death sentence" act. Only two major companies registered with the commission and these waited nearly until the "zero hour" to file. They were the New England Power association and the New England Public Service company.

Meanwhile 10 major utility systems and 30 of lesser caliber have filed injunction suits, asking exemption on the ground they are not holding companies.

The Middle West Corporation company of Chicago, and its 105 subsidiaries, was the only major concern which took advantage of the S. E. C. "open for business" Sunday regulation, this company, successor to the defunct Middle West Utilities company of Samuel Insull, included a proviso reserving for itself and its associates all constitutional rights.

JUDGE MIDDLETON PLANS TO LEAVE BENCH IN 1937

WAVERLY, Dec. 2—Judge W. H. Middleton, a member of the Fourth district court of appeals will retire in 1937 at the end of his present term.

In November 1916 he took his place on the court of appeals bench and has served continuously since that time. Other members are Judge Russell McCurdy, Portsmouth, and Judge P. J. Blosser of Chillicothe.

INCREASE IN AAA HOG PRODUCTION GIVEN APPROVAL

Wallace Announces 30 Per Cent Boost for 1936; Slaughter is Reversed

CORN ACREAGE REDUCED

Provisions of New Program Give Local Committees Considerable Power

WASHINGTON, Dec. 2—(INS)—Details of the 1936-37 corn-hog adjustment program, calling for a 30 percent increase in hog production in 1936, a reduction in corn acreage and a subsequent soil improvement program, were announced today by the AAA.

The hog provisions of the program are a direct reversal of Secretary of Agriculture Wallace's recent hog-slaughtering campaign to raise the price of hogs to the farmer. Officials of the AAA hope the new program will "secure for corn-hog farmers fair returns for their products and assume consumers of an adequate supply of pork in the future."

Pay \$1.25 for Each

The new contracts, effective December 1, require the signer to produce at least 50 percent and more than 100 percent of his allotment of market hogs if he is to receive the maximum hog adjustment payment. A payment of \$1.25 per head will be made on each hog in the quota.

A deduction of \$2.50 per head will be made however, if the signer fails to raise 50 percent of his quota, but signers producing any number of hogs between 50 and 100 percent of the allotment requirements will receive payments equal to a 100 percent production. Deductions of \$5 a head will be made for every hog produced over quota.

Full details of the 1937 hog production program depend largely on the outcome of the 1936 program, but AAA officials said to secure maximum payment the producer will not be asked to raise more

IL DUCE SEEKING NEW OIL SOURCE

Ministers Try to Work Out Russian, Rumanian Aid

ROME, Dec. 2—(INS)—In a bold move to smash the effect of a League of Nations oil embargo before it is even applied, officials of major Italian oil companies, with the indorsement of the government, left for Vienna today to arrange purchases of Russian and Rumanian petroleum.

Authoritative circles here believed Austria, which, although a member of the league, refused to participate in sanctions, may turn out to be Italy's center for reshipment of oil from Albania and other Balkan points.

League Would Consent

If huge contracts could be entered into now, either with Rumanian and Russian oil companies, hitherto, Italy's greatest sources of supply, or with Austrian companies as intermediaries, the league would probably consent to their fulfillment even after the oil embargo is voted.

Completion of existing contracts was permitted in respect to other sanctions.

Italy will, however, have difficulty in carrying out her side of any oil contracts, due to financial sanctions, which bar any credits for Italy.

If oil sanctions are applied moreover, the sanctionist nations might prevent Austria's importing more oil than is needed for her own domestic requirements, thus effectively halting re-export.

ELKS HONOR THEIR DEAD

Deceased members of B. P. O. Elks lodge No. 77 were honored Sunday afternoon at the annual Lodge of Sorrow. Frank Fischer, superintendent of schools, who was scheduled to be the principal speaker, was unable to be present because of an attack of grippe.

Elks who have passed away since the Memorial service a year ago include Cary Brown, Harry E. Clifton, Charles E. Groce, Robert H. Bates, James J. Antill, and Noah G. Spangler.

This was revealed today as the young flyer supervised a last-minute check-up of his huge Northrop monoplane. When the ship's condition has been approved, Thaw will take off for Los Angeles, where the plane will be outfitted with skis for flying in the frigid zone. He expects to reach the Wyatt Earp supply ship of the Ellsworth expedition stationed at the Magallanes, by Dec. 15.

YOUTHS FACING CHARGES IN BANK HOLDUP

Tip of One Gives Clue;
Auto Dealer Also Assists
Ohio Officers

CIRCLEVILLE, Dec. 2.—(INS)—Bank robbery charges were to be filed in common pleas court here today against two Kenton youths who, authorities say, have confessed they robbed a Mt. Blanchard bank of \$1,833 last Friday.

The boys, Raymond McMahon, 20, and Harold Carmean, 19, also are quoted as confessing that they held up a filling station attendant in Ada the night before the bank robbery.

Sheriff Lyle Harvitt said all but \$568 of the bank robbery loot was recovered with the arrest of McMahon and Carmean. Part of the missing money they spent for a new car, trading in the inexpensive roadster used in the Mt. Blanchard holdup.

Father, Dealer Suspicious

A tip from Carmean's father who said his son had been "acting strangely" and the suspicion of the automobile dealer in Richmond where the boys first tried to trade in the auto in which they escaped from Mt. Blanchard, led to their arrest.

The Richmond auto dealer, Paul Hader, had heard of the Mt. Blanchard robbery before McMahon and Carmean visited him. He turned police.

Suspecting that his son might be figured in the bank robbery, Sheriff Harvitt said the older Carmean had taken a photograph of the boy to a Kenton bank with a request that they pass it on to Dean Cunningham, cashier of the Mt. Blanchard bank that was robbed for possible identification.

McMahon was taken into custody first. Highway Patrol Lieut. John Kitchbaum and officers from Kenton and Marion arrested him at a Kenton night club. They said he admitted his part in the robbery and implicated Carmean.

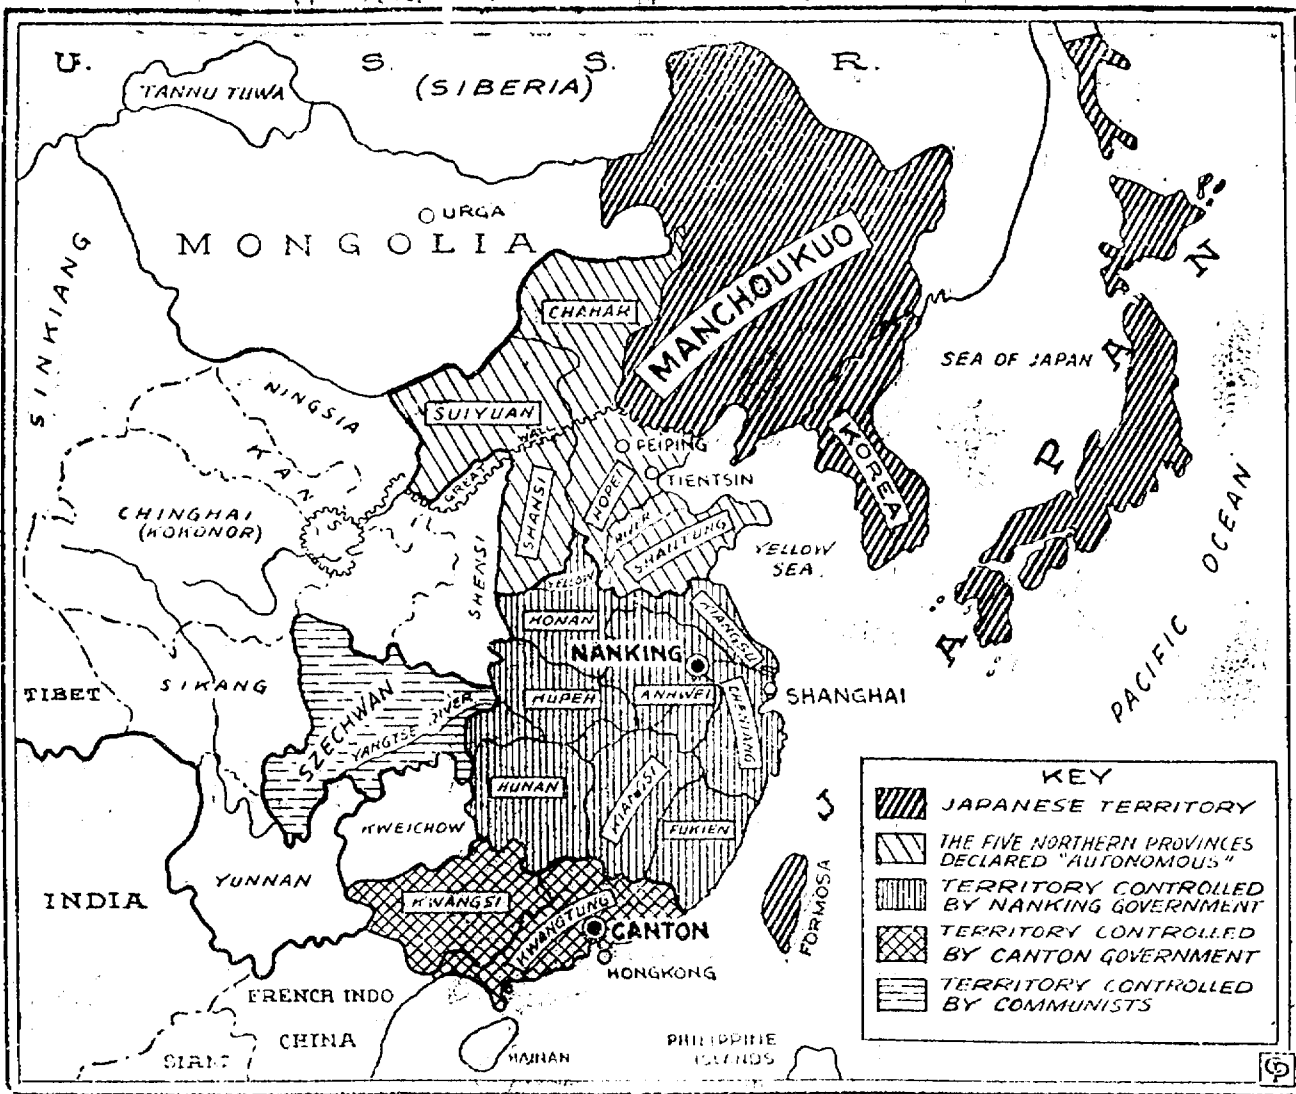

Arrested in Lima

Acting on information from McMahon, the officers went to Lima where they arrested Carmean on a downtown street. He was expected to keep an appointment with McMahon. They said he had been part of the Mt. Blanchard robbery.

Sheriff Harvitt said Carmean, 19, confessed. Both he and McMahon were lodged in jail here pending the filing of charges by Assistant Cunningham.

After the Ada robbery, authorities quoted the pair as saying they headed north. In passing through Mt. Blanchard they robbed the bank and were seized with the desire to rob it. After do-

How Japan is Making Inroads On China

WITH a large sector of northern China proclaimed autonomous in a sudden coup by Yin Ju Keng, Chinese administrative commissioner of the demilitarized zone, North China now is a divided nation. The five provinces declared "autonomous" are shown in the above map in relation to other partitions of China. The new government is called "The Autonomous Anti-

Communist Committee," but it is taken for granted that the move is made in favor of Japan. General Yin Ju Keng presumably is another puppet figure for Japan. Meanwhile, spokesmen for the Nanking government asserted they would take counter measures, but what these would be in view of the Japanese military machine, remained doubtful. The above map shows the inroads Japan has made on China.

ing so, they drove aimlessly about through adjoining counties.

Sheriff Harvitt said they finally disposed of the roadster used in the robbery, in Delaware. He said they paid \$365 in cash from the robbery loot and traded the old car for a new one.

"Day Dreams," the program featuring Ralph Kirby, The Dream Singer, over WLW and the Mutual network every Tuesday and Thursday at 12:15 p. m., is becoming an extremely popular one judging from the hundreds of letters received by him each week.

Practically all of his fan mail contains requests and it is interesting to note that the great majority of these ask him to sing not the current song hits of the day but rather those lovely old melodies that seem blessed with immortality, the songs that recall memories of other days. Among the songs most frequently requested are "The Rosary," "Smilin' Through," "Trees," "Sweetest Story Ever Told," "Sing Me To Sleep."

HEALTH LEAGUE AIDS COMMUNITY

Group Raises Funds to Prevent, Fight Tuberculosis

The Pickaway-co Public Health league sponsoring the sale of Christmas seals, is a voluntary organization formed to promote interest and raise funds for treatment and prevention of tuberculosis.

The league is non-sectarian, non-political and is not officially connected with the local health department or the Board of Education but works in cooperation with all official governmental agencies. The league is comprised of a representative from each organization in the county interested in health work.

The sale of Christmas seals was originated in 1903 by Hinar Hoell, a Danish postal clerk. He wrote a relative in America about his plan and an article was used on the plan in Outlook magazine in 1907. Miss Emily P. Bissell of Wilmington, Del., read the article and used the plan to raise funds for a rest home.

In 1910 the National Tuberculosis association and the Red Cross started the seal sale but in 1919 the Red Cross had to give up the work because of the World war.

The local organization hopes to have a larger seal sale this year than ever before.

MRS. LIVERMORE TO FACE ASSAULT TO KILL CHARGE

SON, 14, MAY BE CHIEF WITNESS; VICTIM IN PAIN

Divorced Wife of Stock Plunger Composed in Jail Awaiting Outcome

SANTA BARBARA, Cal., Dec. 2.—(INS)—Mrs. Dorothea F. Livermore former wife of Jesse L. Livermore, sensational Wall Street stock manipulator, sometime today will be formally charged with assault with intent to commit murder as the result of the asserted "dare" shooting of her 16-year-old son, Jesse L. Livermore, Jr.

The complaint has already been drawn by District Attorney Percy Heckendorf.

It appeared possible today that Paul Livermore, 14-year-old brother of the shooting victim, would become the key witness against his mother. It was declared he had given officials a statement highly damaging to the contention the almost fatal shooting of Young Livermore was accidental.

Youth in Great Pain

Meanwhile, Jesse Jr., was reported to be improving by his physician, Dr. Irving Willis who said that the youth has been in considerable pain because his diaphragm was punctured as a result of the shooting.

Dr. Willis said young Livermore is placed in an oxygen tent for 15 minutes at two hour intervals in an effort to relieve the intensive pain he is suffering.

With the mother removed to the county jail to await further action by officials, Harrison Ryan, her attorney, declared that an accidental shooting defense will be offered should Mrs. Livermore be brought to trial.

"From my talk with her and from my talk with the others, guests at the house, it is clear the discharge of the gun was purely accidental," Ryan said. "Mrs. Longscope (the lawyer referred to her by the name of her last husband, J. Walter Longscope) had no knowledge or suspicion that the gun was loaded."

"From my investigation of this

His Son Shot

DIVORCED wife of Jesse Livermore (above), Wall Street stock plunger, Dorothea Livermore, is being held by police of Santa Barbara, Cal., for shooting their son, Jesse, Jr., 16, in Montecito home.

case it seems clear that very little liquor had been consumed during the evening by the party as a whole, but afterwards, when Jesse Jr., came home, he and his mother drank some whiskey together."

Patient Behind Bars

Mrs. Livermore meanwhile bore her stay in jail with decided patience.

She was somewhat recovered from a nausea with which she was stricken yesterday. Dr. Edwin Kluss who was called said her illness was due to the reaction resulting from the nervous strain and from sedatives given when she was taken to the hospital in hysterical following the shooting.

The jail which Mrs. Livermore views with such distaste is in the \$2,000,000 Santa Barbara-co court house, which is generally recognized as the most beautiful public building in the United States.

The cell block is on the second floor, directly above the sheriff's administrative offices. It has cots for six women, but Mrs. Livermore has only two, cell-mates—a white woman drunken driver and a Mexican woman. Symbolical of the chasm between them, Mrs. Livermore's cot has been set up some little distance from those of the other prisoners.

PASTORS FIGHT PAROCHIAL AID

Bishop Clippinger, Dayton, Heads Legislative Committee

COLUMBUS, Dec. 2.—(INS)—The Ohio Council of Churches, through its legislative committee, meeting here, today came out as reiterated its opposition to legislative proposals to aid private or parochial schools.

The committee, consisting of 200 members representing numerous Ohio Protestant denominations, is headed by Bishop A. R. Clippinger, Dayton.

"We shall continue our campaign to defeat any proposal that comes before the next Legislature to give aid to denominational schools, whether church-supported colleges or parochial schools," Rev. E. F. Lamb, executive secretary of the Ohio council told the delegates.

Dr. Lamb attacked the proposal of Archbishop John T. McNicholas, Cincinnati, to issue to parents vouchers for state aid, to be cashed by any school chosen by the child's parents.

"This is just another method of trying to break down opposition to parochial school aid, of getting around legal obstacles of using public funds for sectarian schools," Dr. Lamb commented.

Among the 200 delegates, composed of leading clergies throughout the state, were: Bishop H. Lester Smith, Bishop Henry Wise Hobson, Jr., Cincinnati; Dr. Hugh I. Evans, Dr. C. M. Coulter, and Rev. C. L. Plymate, Dayton; Dr. Don Tullis, Dr. Gaines Cook, Dr. Fred Hall and Dr. W. W. Dieterich, Cleveland; Rev. E. R. Brown and Rev. C. P. Barnes, Akron; Rev. H. E. Bright and Rev. John Taylor Alton, Springfield; Dr. Stephen Palmer, Youngstown; Dr. Arthur Staples, Canton; Dr. Arba Martin, Portsmouth and Rev. M. J. Dunham, Toledo.

Housewife Is Urged to Serve A Tasty Meal to Lone Self

By MRS. MARY MORTON

- Menu Hint**
- Shrimp Cocktail
 - Lamb Chop
 - Rose Apples
 - Tea
 - Cracker
 - Vegetable Salad
 - Green Peas
 - Grapes
 - Toast

This is a meal for one lone person, believe it or not. When Friend Husband goes to dine with his club or lodge, and the children are out, too, mother should serve herself a "swell" meal of just the foods she likes best, and have a luxurious time eating them in a leisurely manner. No pickups, please. Treat yourself well. You work hard, so why not give yourself a party? The shrimp cocktail is very little work. Put as many—or as few—shrimps as you like into a cocktail glass, add a wee bit of horse-radish and some ketchup, chill and eat with crackers. No potatoes are served unless this particular lady likes them. I don't care for them and have to cook them regularly, so leave them off the menu when I eat by myself. Make the salad of your favorite vegetables, and put plenty of butter on the peas. The apple recipe is good and enough will be left to serve to the family next day. Apples are particularly plentiful, and inexpensive just now. Fresh fruit is a good dessert if you do not care for apples.

Today's Recipes

Rose Apples—Six medium-sized apples (pared and cored), two cups boiling water, one cup sugar, two tablespoons red cinnamon candies, one tablespoon plain gelatin, one-fourth cup cold water, two tablespoons lemon juice, one-fourth teaspoon salt. Place the prepared apples in the syrup made of the boiling water, sugar and candies. Cook slowly so apples will keep their shape. When done, place apples in serving dish. Dissolve gelatin in cold water. Add this and lemon juice, salt, to syrup left from apples. Pour this over apples and chill until firm. Serve with cream.

LEGION LEADER LOOKS TO BONUS

Ray Murphy Says Payment Certain; 1,000 Listen

COLUMBUS, Dec. 2.—(INS)—Ohio Legionnaires today looked forward to "certain payment" of the soldiers bonus, inspired by the prediction of Ray Murphy, national commander, climaxing a two-day Legion meeting here.

Addressing more than 1,000 veterans, Murphy declared:

"The bonus is by no means in the bag. If we fumble or stumble a bit we may find at the end of the year that the adjusted service certificates are still unpaid. But if we follow our course I am confident that victory awaits us in the very near future."

The adjusted certificates, Murphy insisted, represent back pay due World War veterans for service 17 years ago.

The American Legion, the national commander declared, desires "honorable peace" and is willing to fight for it.

"The Legion proposes an adequate national defense for protecting peace by discouraging at-

tacks upon us. We of the Legion know something about war—of us wants it," he said.

"The way to keep out of wars is to enforce strict neutrality and mind our own business," concluded.

The presence of the national commander at the state meeting marked his first visit Ohio's capitol since his election.

It makes us gloomy, grumpy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. MRS. LIVERMORE TO FACE ASSAULT TO KILL CHARGES

SON, 14, MAY BE CHIEF WITNESS; VICTIM IN PAIN

Divorced Wife of Stock Plunger Composed in Jail Awaiting Outcome

SANTA BARBARA, Cal., Dec. 2.—(INS)—Mrs. Dorothea F. Livermore former wife of Jesse L. Livermore, sensational Wall Street stock manipulator, sometime today will be formally charged with assault with intent to commit murder as the result of the asserted "dare" shooting of her 16-year-old son, Jesse L. Livermore, Jr.

The complaint has already been drawn by District Attorney Percy Heckendorf.

It appeared possible today that Paul Livermore, 14-year-old brother of the shooting victim, would become the key witness against his mother. It was declared he had given officials a statement highly damaging to the contention the almost fatal shooting of Young Livermore was accidental.

Youth in Great Pain

Meanwhile, Jesse Jr., was reported to be improving by his physician, Dr. Irving Willis who said that the youth has been in considerable pain because his diaphragm was punctured as a result of the shooting.

Dr. Willis said young Livermore is placed in an oxygen tent for 15 minutes at two hour intervals in an effort to relieve the intensive pain he is suffering.

With the mother removed to the county jail to await further action by officials, Harrison Ryan, her attorney, declared that an accidental shooting defense will be offered should Mrs. Livermore be brought to trial.

"From my talk with her and from my talk with the others, guests at the house, it is clear the discharge of the gun was purely accidental," Ryan said. "Mrs. Longscope (the lawyer referred to her by the name of her last husband, J. Walter Longscope) had no knowledge or suspicion that the gun was loaded.

"From my investigation of this

His Son Shot

case it seems clear that very little liquor had been consumed during the evening by the party as a whole, but afterwards, when Jesse Jr., came home, he and his mother drank some whiskey together."

Patient Behind Bars

Mrs. Livermore meanwhile bore her stay in jail with decided patience.

She was somewhat recovered from a nausea with which she was stricken yesterday. Dr. Edwin Klies who was called said her illness was due to the reaction resulting from the nervous strain and from sedatives given when she was taken to the hospital in hysterical following the shooting.

The jail which Mrs. Livermore views with such distaste is in the \$2,000,000 Santa Barbara-co court house, which is generally recognized as the most beautiful public building in the United States.

The cell block is on the second floor, directly above the sheriff's administrative offices. It has cots for six women, but Mrs. Livermore has only two cell-mates—a white woman drunken driver and a Mexican vagrant. Symbolical of the chasm between them, Mrs. Livermore's cot has been set up some little distance from those of the other prisoners.

PASTORS FIGHT PAROCHIAL AID

Bishop Clippinger, Dayton, Heads Legislative Committee

COLUMBUS, Dec. 2.—(INS)—The Ohio Council of Churches, through its legislative committee, meeting here, today came out as reiterated its opposition to legislative proposals to aid private or parochial schools.

The committee, consisting of 200 members representing numerous Ohio Protestant denominations, is headed by Bishop A. R. Clippinger, Dayton.

"We shall continue our campaign to defeat any proposal that comes before the next Legislature to give aid to denominational schools, whether church-supported colleges or parochial schools," Rev. B. F. Lamb, executive secretary of the Ohio council told the delegates.

Dr. Lamb attacked the proposal of Archbishop John T. McNicholas, Cincinnati, to issue to parents vouchers for state aid, to be cashed by any school chosen by the child's parents.

"This is just another method of trying to break down opposition to parochial school aid, of getting around legal obstacles of using public funds for sectarian schools," Dr. Lamb commented.

Among the 200 delegates, composed of leading clergies throughout the state, were Bishop H. Lester Smith, Bishop Henry Wise Hobson, Jr., Cincinnati; Dr. Hugh I. Evans, Dr. C. M. Coulter, and Rev. C. L. Plymate, Dayton; Dr. Don Tullis, Dr. Gaines Cook, Dr. Fred Hall and Dr. W. W. Dieterich, Cleveland; Rev. E. R. Brown and Rev. C. P. Barnes, Akron; Rev. H. E. Bright and Rev. John Taylor Alton, Springfield; Dr. Stephen Palmer, Youngstown; Dr. Arthur Staples, Canton; Dr. Arba Martin, Portsmouth and Rev. M. J. Dunham, Toledo.

TEMPTING MENUS

MARY RUSK

Oven Dishes Are Meals In Themselves

Biscuit crust is the secret of a tasty luncheon roll with meat stuffing which is served as a main dish. This combination served with mushroom soup supplies a meaty, hot biscuits and gravy all in one.

Luncheon Roll

- 1 onion, chopped
- 2 Tbsp. fat
- 1 egg
- 1/2 C. milk
- 1 tsp. salt
- Few grains pepper
- 1/2 C. cracker crumbs
- 1 lb. chopped beef
- 1/2 C. flour
- 1/2 tsp. salt
- 2 tsp. baking powder
- 2 Tbsp. shortening
- 1/2 C. milk (approximate)

Fry onion in fat until a delicate brown. Beat egg; add milk, salt, pepper and crumbs, and mix well. Add chopped beef and fried onion. Form into a roll and place on a rack in a baking pan. Bake in a moderate oven (375 degrees) for 45 minutes. Remove from the oven.

Mix flour, salt and baking powder. Cut in shortening with knives or rub in with finger tips. Add enough milk to hold ingredients together. Roll out biscuit dough a little larger than the meat roll.

Cover meat with the biscuit dough. Cut a design on top of dough with knife or fancy cutters. Brush with milk. Bake in a hot oven (400 degrees) for 15 minutes, or until biscuit crust is done. Slice and serve with mushroom or tomato sauce.

Spanish Squash

- 1 squash
- 1 medium sized onion, chopped
- 2 Tbsp. fat
- 1 tsp. salt
- Few grains pepper
- 1 tsp. sugar
- 2 C. cooked or canned tomatoes
- 1 C. grated cheese
- 1/2 C. buttered crumbs

Cut squash in cubes; remove seeds. Steam until almost tender; drain well. Cook onion in fat until a delicate brown. Add salt, pepper, sugar and tomatoes. Put a layer of squash in a casserole, then a layer of tomato mixture. Sprinkle with cheese. Continue until all ingredients are used. Cover top with buttered crumbs. Bake in a hot oven (400 degrees) about 20 minutes, or until thoroughly heated.

Sausage and Vegetable Loaf

- 1 1/2 lbs. pork sausage meat
- 2 eggs slightly beaten
- 1/2 C. bread crumbs
- 1/2 C. uncooked carrots
- 1/2 C. uncooked green beans
- 1/2 C. uncooked celery
- 1/2 C. raw apples
- 1 tsp. salt
- Dash of red pepper
- 1/2 C. milk
- Green peppers
- Sliced tomatoes

Mix sausage with other ingredients, reserving green pepper and tomatoes. Shape into loaf and place in a baking pan. Put into a hot oven (475 degrees) to brown. After browning reduce heat to 350 degrees and bake 1 1/2 hours. Pour off excess fat. Garnish with green peppers and sliced tomatoes.

Housewife Is Urged to Serve A Tasty Meal to Lone Self

By MRS. MARY MORTON

Menu Hint

- Shrimp Cocktail
- Cracker Lamb Chop
- Vegetable Salad
- Green Peas
- Rose Apples
- Grapes
- Tea
- Toast

This is a meal for one lone person, believe it or not. When Friend Husband goes to dine with his club or lodge, and the children are out, too, mother should serve herself a "swell" meal of just the foods she likes best, and have a luxurious time eating them in a leisurely manner. No pickups, please. Treat yourself well. You work hard, so why not give yourself a party? The shrimp cocktail is very little work. Put as many—or as few—shrimps as you like into a cocktail glass, add a wee bit of horse-radish and some ketchup, chill and eat with crackers. No potatoes are served unless this particular lady likes them. I don't care for them and have to cook them regularly, so leave them off the menu when I eat by myself. Make the salad of your favorite vegetables, and put plenty of butter on the peas. The apple recipe is good and enough will be left to serve to the family next day. Apples are particularly plentiful, and inexpensive just now. Fresh fruit is a good dessert if you do not care for apples.

Today's Recipes

Rose Apples—Six medium-sized apples (pared and cored), two cups boiling water, one cup sugar, two tablespoons red cinnamon candies, one tablespoon plain gelatin, one-fourth cup cold water, two tab-

lespoons lemon juice, one-fourth teaspoon salt. Place the prepared apples in the syrup made of the boiling water, sugar and candies. Cook slowly so apples will keep their shape. When done, place apples in serving dish. Dissolve gelatin in cold water. Add this and lemon juice, salt, to syrup left from apples. Pour this over apples and chill until firm. Serve with cream.

FACTS AND FANCIES

Wash With Gasoline

In touching up brass or copper with paint by way of redecorating it, first sponge the surface with gasoline to cut any grease. Then wash and dry it thoroughly before getting out the paint can and brush!

Destroy Odor

To destroy the fishy taste and odor that clings to utensils in which fish has been cooked scour and then heat to intense heat.

Important Trifles

A little lemon juice added to the water in which potatoes are soaked will prevent them from becoming stained.

White satin or white kid can be cleaned by rubbing with bread crumbs which are a little moist.

Efficiency Hints

Don't forget if you are considering a new heating plant that there are available recessed or concealed radiators which can be built into the wall. You don't have to install visible radiators unless you wish them.

Storm sash on your windows this winter will not only reduce your fuel bills perceptibly, but will largely prevent the formation of condensation and frost on the window panes.

Fresh coffee stains can be removed from the tablecloth by placing the stained part over a dish and pouring boiling water through it; then rubbing with glycerin and washing in soft water without soap.

Calrod hi-speed heating coil is as clean as electric light—never soils pots or pans—is practically self-cleaning.

Come in today and get the facts about electric cookery. You will see instantly why women have decided that "cooking by wire" is the only really modern way.

AND THAT STUNNED HIM
A keen golfer had a charming girl on his right at dinner, and gave her graphic descriptions of his achievements with the clubs, hardly allowing her time to say more than "Really!"
During the dessert he remarked: "I'm afraid I've been monopolizing the conversation and talking nothing but golf."
"Oh, never mind," said the girl. "But you might tell me: What is golf?"

SMU MUSTANGS MEET STANFORD IN BOWL JOUST

Texas School Announced as Choice; Princeton Eleven "Not Available"

STANFORD UNIVERSITY, Cal., Dec. 2.—(INS)—Southern Methodist university will meet Stanford in the annual Pasadena Rose Bowl game on New Year's day.

Announcement S. M. U. was selected was made late last night on the campus by Alfred J. Masters, Stanford graduate manager, following a telephone call to Dallas, Tex., in which he officially extended the invitation to James Stewart, athletic director at S. M. U.

Stewart immediately consulted and received the approval of the S. M. U. Athletic committee.

Princeton Not Interested
The invitation and acceptance by the undefeated Mustangs, who whipped Texas Christian Saturday 20-14, followed almost immediately upon definite word from the east the Princeton Tigers were unavailable.

Masters, however, would not admit an invitation had first been extended Princeton.

The Mustangs probably will be installed a favorite over the Cardinals because of their air circus which reputedly is unstoppable and also because Stanford is supposed to be a "set up" for a smart passing team.

Defeated UCLA, 21-0.

During the fall campaign, however, no Pacific coast eleven was smart enough to rout Stanford's air defense—something Dixie Howell and his Alabama teammates did last New Year's day at Pasadena.

The Mustangs recently made a great hit in Southern California when they whipped University of California at Los Angeles, 21 to 0.

If Joe Maniaci Had Said Yes!

JOE MANIACI, Fordham captain and fullback, reveals that he and Amerino Sarno, the Rams star tackle (and right uppercut champion) were offered \$1,000 apiece to throw the recent game with New York U. Joe and Amerino declined, and went out and played such serious football that the game developed at times into a battle royal.

Though university authorities soft-pedaled the story, declaring it a joke, friends of Maniaci and Sarno insist the bribe offer was "the

JOE MANIACI ... so he didn't take the \$1,000!

McCoy" and that the two players took it seriously. For purposes of argument, let us suppose the affair was all very real, and with football gambling reaching its present tremendous volume it is easily plausible.

MADIGAN MAY REPLACE CROWLEY AT FORDHAM

NEW YORK, Dec. 2.—(INS)—Is Slip Madigan preparing to quit his coaching job at St. Mary's in Moraga, Cal., and take over Jimmy Crowley's post at Fordham?

There seemed to be a definite feeling in well-informed Fordham circles today that such was the case.

According to all available reports—although none of them is official—one of the famous four horsemen of Notre Dame, is through at the Rose Hill institution.

Many believe Fordham has already signed Madigan, while others are of the opinion Major Bob Neyland, who made a big success at Tennessee, is slated to get the job.

Madigan, it is said, wants to come east and would welcome a chance to coach the Rams if Crowley is not retained. He is extremely popular at Fordham. His closest tie to St. Mary's, it is understood was that with Brother Gregory, former president of the college, who died last month.

Nothing but stony silence greeted the inquirer about Crowley's status at Rose Hill.

"I don't know anything except what I read in the papers."

SIX CAGE CONTESTS ON COUNTY'S SKED FRIDAY

The county court schedule this week includes:
Deercreek at Pickaway.
Walnut at New Holland.
Saltcreek at Scioto.
Ashville at Darby.
Washington at Perry.
Jackson at Monroe.

If the world won't cooperate, America might have a little disarmament conference limited to home folks.

AMERINO SARNO ... bribe offer only made him angry.

And suppose Joe and Amerino had accepted! And Joe had thrown that pass to Palau into the grandstand instead and Sarno hadn't blocked eight men to open a hole for Jack Gagliardi who scored the second touchdown for Fordham!

Stagg for Commissioner

Suppose further that New York U. had won and received the invitation to the Rose Bowl. Then eventually it surely must transpire that Joe and Amerino really were the guys who sent 'em there.

Forthwith the brilliant fullback and star tackle would be read out of the party and backfield forever, following a grand jury investigation which naturally leads to appointment of Amos Alonzo Stagg as high commissioner of football.

Didn't Joe and Amerino simplify things a whole lot by saying no! But the fact they were approached pulls the throttle on another train of thought. Football gambling has reached the menacing proportions of baseball gambling 16 years ago when the world championship was purchased for Cincinnati. That is something to think about seriously.

Maniaci and Sarno proved themselves young men of high moral character by their refusal to do business. But offers of \$1,000 each suggest fairly important money behind the proposition. The skeptical will say that with that kind of money being offered, perhaps some of the upsets so common on the gridiron this year were bought and paid for by big-time gamblers. Gambling has reached such figures that it is worth while for racketeers to invest in football as they would in a crooked roulette wheel.

Set An Example;

Maniaci and Sarno set an example that means more than appears on the surface. By revelation of the attempt, they have scolded a warning that the whole football world should mark.

WARNER CITES SOCIAL LIONS FOR TEAM FLOP

PHILADELPHIA, Dec. 2.—(INS)—Coach Glen S. (Pop) Warner today blamed "social lions" of the Temple university football team for the wreck of a promising season that might have led to another Sugar Bowl invitation.

"When they should have been thinking, living, eating football with their hearts set on a great season, they were crooning in Mitten hall, singing touchdowns away," declared Warner, incensed over the Owl's losses to Villanova and Bucknell in the two final games of the year.

"Mitten hall is a beautiful building," added the chagrined mentor, referring to the campus social center, "but tackles and long runs on the polished floors from Monday morning to Friday night do not win football games on Saturday afternoon at Temple stadium."

Co-eds who cannot or will not understand that a football player needs rest and sleep more than anything else took them to the movies instead of sending them home to bed. Late hours took the snap from their legs and the keenness from their brains."

40 EDUCATORS AGAINST JOINING OLYMPIC GAMES

NEW YORK, Dec. 2.—(INS)—Forty American educators, presidents of colleges in 27 states, today joined in a request to the National A. A. U. and the American Olympics committee to withdraw U. S. athletes from participation in the 1936 Olympic games in Germany.

At the same time, the committee on fair play in sports announced the Right Rev. Edward T. Heenan, bishop of Maryland, and four additional U. S. Senators have endorsed withdrawal from the games by this country.

Besides Bishop Helfenstein, the fair play committee disclosed Senators William Gibbs McAdoo, of Calif., David I. Walsh, of Massachusetts, Robert F. Wagner, of New York, and Peter G. Gerry, of N. J., had declared themselves

Grid Teams Of Midwest 1935's Best

Comparative Scores Show Big Ten, Other Central Records Outstanding

By JOHN C. HOFFMAN

CHICAGO, Dec. 2.—(INS)—At the risk of inciting something approximating a Civil War, it behooves the writer to come right out today and announce that the best football, collegiate or otherwise, was played this year in the middle-west.

To begin with, the three outstanding teams unquestionably are Minnesota, Southern Methodist and Princeton. Of these, Minnesota of the Middle-west would seem to be supreme.

Against eastern opposition, Fordham disposed itself with a modicum of credit. Yet Purdue beat Fordham, 20 to 0, and was forthwith throunced by Minnesota, Wisconsin and Indiana.

Case of Michigan

Take the case of Michigan. The Wolverines were masters over Columbia and Pennsylvania, representative eastern teams, yet were beaten by Illinois and overwhelmed by Ohio State, Minnesota and Michigan State. Pennsylvania's strength was indicated by the fact that Princeton was a mere one point superior to the Quakers.

As evidenced by its record, Illinois was by no means a menace to Big Ten, yet the Illini blasted Southern California, 19 to 0, while the Trojans, not a powerful team, were nevertheless good enough to beat Washington state on the coast and give a creditable account of themselves against Stanford and Oregon State.

In the final analysis, Notre Dame was only fair among its middle-west contemporaries, losing to Northwestern and eking out a last minute victory over Ohio State. Yet, except in the case of Army, the Irish took them as they came in the east and far west and won handily.

On the record, the middle-west can boast of three really outstanding teams. They were Minnesota, Ohio State and Notre Dame.

TIGERS DRILLING TO HALT CENTER

Everett Landman to Provide Tigers Test Tuesday Evening

The task of stopping Everett Landman lies between the Red and Black varsity cage team and a victory in its first encounter of the season Tuesday evening. The Circleville Athletic club court will be the scene of festivities.

Landman, tall center, has overcome a lot of reported-but seldom seen awkwardness—and has been hot in every game he has played this year. He is well-supported by the veteran guard, Herb Dennis, and Chuck Ater at the defensive posts and Speakman and R. Dennis at the forwards.

All Good "Feeders"

Coach Shadel Saunders has concentrated his offensive around Landman and all the other lads "feed the ball" to the big fellow. However, R. Dennis is an offensive threat and Saunders usually bobs up with a stellar threat sometime during the game.

Assigned to Landman is expected to be Dick Melson, Coach Landman's best center prospect. Melson has halted some good scorers notably Whitey Ballenger of Westerville, and hopes to put the clamps on the tall Bulldog star.

A preliminary between the reserve teams opens the evening entertainment at 7:30. The varsity game will be about one hour later.

The probable starting lineups are:
Circleville New Holland
Styers F Speakman
Andrews F R. Dennis
Melson C Landman
Jenkins G H. Dennis
Henry G Ater
Referee: Carlisle, Ohio Wesleyan.

"When they should have been thinking, living, eating football with their hearts set on a great season, they were crooning in Mitten hall, singing touchdowns away," declared Warner, incensed over the Owl's losses to Villanova and Bucknell in the two final games of the year.

"Mitten hall is a beautiful building," added the chagrined mentor, referring to the campus social center, "but tackles and long runs on the polished floors from Monday morning to Friday night do not win football games on Saturday afternoon at Temple stadium."

Co-eds who cannot or will not understand that a football player needs rest and sleep more than anything else took them to the movies instead of sending them home to bed. Late hours took the snap from their legs and the keenness from their brains."

TWENTY WOMEN TO START SEWING PROJECT TUESDAY

NEEDY FAMILIES TO RECEIVE AID; PICK SUPERVISOR

Mrs. Beulah Madison in Charge of Work; County to Store Commodities

The WPA county sewing project will get under way Tuesday morning following the assignment of 20 women by the local reemployment service.

Vattier Courtright, local field engineer, announced the project will have headquarters on the second floor of the Colville residence, E. Main-st., location of the emergency school.

Mrs. Beulah H. Madison, N. Scioto-st., will be supervisor in charge. The project will not be worked as a sewing school, officials explained, but will be operated on a production basis. Clothing will be made for distribution to needy families in the county.

A WPA project covering the receiving, storing, handling and accounting for commodities furnished the commissioners by federal, state and other agencies for distribution to relief clients was approved by the county board Monday morning and will be sent to WPA officials for approval.

The project is listed at \$3,864, all federal funds, with the commissioners supplying storage space for the materials, county trucks for distribution and a case supervising department. The project will supply employment for four persons.

MONEY FOR AGE PENSIONS DRAWS ON STATE FUNDS

COLUMBUS, Dec. 2.—(INS)—Ohio is spending more than twice as much on old age pensions as for all other activities of the state welfare department, the Ohio Government Survey committee declared today.

Pointing out that the aid for aged division is operating on a budget of \$15,000,000 a year, the committee recommends the following changes to effect savings:

1. Secure a larger measure of support from responsible relatives;
2. Discover for pensioners other resources;
3. Discontinue grants whenever re-employment of relatives or improved business conditions makes the position of recipients more stable;
4. Prevent overlapping of service and duplication of relief from different agencies.

A saving of \$3,430,000 is possible if this program is adopted, the committee estimated.

ASHVILLE SCHOOL NEWS

Ashville High School has been fortunate in securing Elliott James, Liquid Air demonstrator at the Chicago Century of Progress, for a demonstration of the peculiar properties of this remarkable substance.

He places kerosene oil in a tube and solidifies it so that it may be used as a candle. Again, with liquid air, mercury is frozen on the end of handle and is used as a hammer to drive nails. Raw beef-steak becomes so brittle, when thus treated that when it is struck or dropped it shatters like glass. An ordinary rubber ball, when thrown to the floor, breaks like an incandescent light bulb. Even pure alcohol is frozen.

The low boiling point of liquid air is clearly demonstrated when a small quantity of it, placed in a tea-kettle on a cake of ice, boils violently. A liquid air engine runs as a result of the vapor produced when some of the liquid air evaporates rapidly from no outside application of heat other than the ordinary room temperature.

The behavior of molecules at this exceedingly low temperature is illustrated by Mr. James when he cools a gong made of pure lead, until it rings as clearly as a gong of steel.

Mr. James pours the liquid over his hand to illustrate the protection of what is known as "vapor film." He also takes a glassful of the liquid into his mouth. Other entertaining demonstrations are introduced, and there is a sensational finish when certain chemicals are plunged into liquid oxygen producing a fiery flash.

Mr. James will be at the Ashville auditorium at 8 p. m. Thursday, Dec. 5.

Sixth Grade
The sixth grade wrote "book reviews" during their English period last week as a part of their Book Week activities.

The sixth grade geography

class constructed a chart showing the monthly average temperatures for the year 1934. They obtained the information from the weather bureau in Columbus.

Basketball

The Ashville Girls basketball team have played two games this season — losing the first and coming out on top in the second. The Groveport girls came to Ashville Thursday night for a practice game. Because of Groveport's superiority, the girls gained much in passwork and strategy. Although most of the team are inexperienced, everyone is giving the best she has, with the hope that Ashville girls can again have a successful season.

On Friday Nov. 22, the Ashville boys' basketball team traveled to Jackson-twp where they met the fast Jackson-twp lads, coached by Mr. Terhune.

The Jackson boys were plenty fast and had plenty of fight but were unable to stop the hard fighting Ashville boys. The first quarter was very close ending four to nothing in favor of Ashville. During the second quarter the Ashville boys found themselves and ran the score up to 20 while holding their opponents to 3 points. The last half found a great many substitutions and therefore was somewhat uninteresting. The final score was Ashville 35 Jackson-twp 12.

INCREASE IN AAA HOG PRODUCTION GIVEN APPROVAL

Continued from Page One

than 60 percent nor make a downward adjustment of more than 25 percent of his assigned market quota. The 1937 adjustment payment rate will not be less than the 1936 rate. Adjustment payments for the 1936-37 program will be made in one installment at the close of each year.

Up to Committees

Allotments or quotas for both hogs and corn will be determined by community committees. They will average the last three year's production to establish the quota. The corn program calls for a balanced production in relation to consumption by the increased number of hogs and market requirements.

Officials figure a corn acreage of about 95,000,000 acres under normal weather conditions will produce sufficient feed in 1936 for requirements during the 1936-37 winter feeding season and provide an ample carry over. To keep corn acreage in 1936 to this figure, they said, it will be necessary to make a downward adjustment of at least 10,000,000 acres in land normally planted to corn on farms under contract. This reduction, however, will provide an increase of about 1,400,000 above the acreage harvested in 1935. This small harvest of 1935 was attributed to the drought.

The 1936 corn program calls for planting of at least 25 percent of the acreage allotment but not more than a percentage within the permitted optional range of 70 to 90 percent of the acreage allotment. Adjustment payments were set at 35 cents a bushel. Payments will be made in two installments, about August 1, and about December 31. The 1937 rate per bushel will not be less than 30 cents. Announcement of the rate will be made by November 30, 1936. To secure maximum payment in 1937, the producer will not be required to produce more than 25 percent of his quota.

Poems That Live

SORROW

Count each affliction, whether light or grave,
God's messenger sent down to thee; do thou
With courtesy receive him; rise and bow;
And, ere his shadow pass thy threshold, crave
Permission first his heavenly feet to lave;
Then lay before him all thou hast; allow
No cloud of passion to usurp thy brow,
Or mar thy hospitality; no wave
Of mortal tumult to obliterate
The soul's marmoreal calmness.
Grief should be,
Like joy, majestic, equable, sedate;
Confirming, cleansing, raising, making free;
Strong to consume small troubles; to commend
Great thoughts, grave thoughts, thoughts lasting to the end.
—Aubrey Thomas De Vere.

OLD IRONSIDES (September 14, 1830)

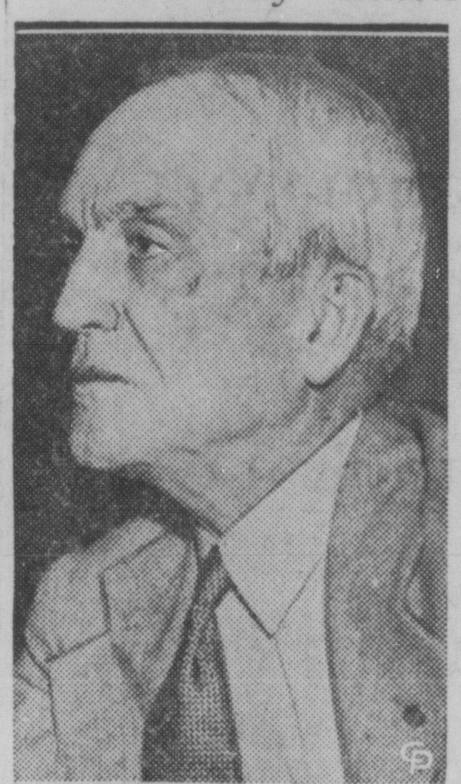

Ay, tear her tattered ensign down!
Long has it waved on high,
And many an eye has danced to see
That banner in the sky;
Beneath it rung the battle shout,
And burst the cannon's roar;
The meteor of the ocean air
Shall sweep the clouds no more.

Her deck, once red with hero's blood,
Where knelt the vanquished foe,
When winds were hurrying o'er the flood,
And waves were white below
No more shall feel the victor's tread,
Or know the conquered knee;
The harpies of the shore shall pluck
The eagle of the sea!

Oh, better that her shattered hulk
Should sink beneath the wave;
Her thunders shook the mighty deep,
And there should be her grave;
Nail to the mast her holy flag,
Set every threadbare sail,
And give her to the god of storms
The lightning and the gale!
—Oliver Wendell Holmes

Under ordinary conditions, floor wax should cover approximately 1,000 square feet to the pound.

Leads Utility Attack

THE oldest utility holding company in the United States, the United Gas Improvement company, an \$800,000,000 concern, has decided not to register with the Securities Exchange commission under the utility holding company act, and has challenged the constitutionality of the law in a federal court suit. Philip H. Gadsden, above, vice president of the concern, also is chairman of the Public Utility Executive committee, which was in the forefront of the opposition to the bill when it was before the last session of congress. The U. G. I. has been termed a Morgan company, because 26 per cent of its stock is owned by the United company, organized as a holding company in 1929 by J. P. Morgan & Co.

Dinner Stories

WAS HIS FACE RED?

A guest at a banquet took pains to make himself agreeable to a Chinese sitting next to him. Somewhat at a loss for small talk, he ventured, after the first course, to inquire, "Likee soupee?"

There was no reply, except a genial beam. After the next course he followed up his first opening with "Likee fishie?" This evoked a still more genial beam.

Later in the evening the visitor from the Far East responded to a toast in perfect English. On resuming his seat, he asked his discomfited neighbor, "Likee speechie?"
